1

Record Your Income

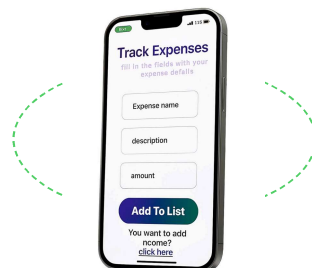

Log all your earnings in seconds — from salary to side hustles. The income form helps you see exactly how much you make and balance it with your expenses.

2

Add Your Expenses

Easily record your daily spending with the expenses form. Add names, descriptions, and amounts to keep track of where your money goes. Simple, fast, and organized.

3

Stay Organized with Your Dashboard

View all your entries in a clean table with summary cards. Your dashboard brings everything together, making money tracking easy and stress-free.
